Fire Destroys Kings Market; Arsonist Caught

Givens Arnold Ray, self-admitted arsonist, Wednesday was placed in the county jail at Redwood City with bail set at $10,000 cash or $20,000 bond after an arraignment before Judge William Sweeney. Preliminary hearing is scheduled for 2 p.m. June 3.

Ray admitted setting the $500,000 blaze at King's Market early Wednesday morning, saying that he was mad because he had been fired. In a statement to police, Ray said he had been looking for a gun to shoot Nate Temkin, manager of the store, who had fired him, but that in his failure to obtain a gun he set the building ablaze.

The arsonist, who has lived at 32 Werner street with his brother and sister-in-law since January of this year, admitted serving two years in San Quentin for setting a fire in Sacramento.

A. J. Miller and Mike Jacobs, owners of the business, stated that they will carry on their business in the corner store of the Broadmoor shopping center, while the building, which was fully covered by insurance, is being rebuilt. They say they will open "as soon as possible."

Stoneson brothers, owners of the building, said construction on a new building at the site would begin immediately. They said it was not determined as yet whether the remaining parts of the building which include the bakery, lunch counter and candy store, would need to be torn down. The new building they said, would be similar to the old one.

Ray said he went to the market Tuesday night "to get his shoes," fell asleep and was locked in. He said he had been drinking heavily. He awoke at 2 a.m., sprayed the basement with two gallons of cleaning fluid and lit it using a broom as a torch. He said he had saturated boxed quantities of toilet paper and cereals, knowing they would burn rapidly.

Ray escaped by breaking the window with a glass wine jar which set off the burglar alarm. He was picked up by Officers Art Linhares and Ricco Bennedetti, who responded to the alarm.

Fire equipment from South San Francisco and San Francisco responded to successive alarms to assist the Daly City and Colma volunteer firemen in fighting the blaze. Injured was Andy Conaty, Daly City fireman, who had 21 stitches taken in a leg cut by glass. Conaty had been trapped inside when the King's Market sign fell, blocking the entrance. He was rescued by Fire Chief August Benasini. Other firemen were treated for lesser injuries.

The fire fed on the quantities of flammable stock inside the building and rapidly consumed the building. Firemen were still putting out small blazes Thursday morning.

It was estimated that the loss would be $300,000 in stocks and fixtures, which were owned by Jacobs and Miller, and $200,000 for the building. Everything was covered by insurance.

EXTRA CAUTION CALLED FOR OVER HOLIDAY WEEK END

Memorial Day is a day to honor the dead — not to join them! The long holiday week end gives many people the chance to take a trip. Do put common-sense caution behind the wheel of your car. Take your time, take care, and take it easy! Watch out for the driver or the pedestrian who is not as careful as you are.

Rec. Commission Wants Long Range City Program

A proposed long range program for development of recreation throughout the city which would require the purchase of sites in three sections of the city, add facilities to Marchbank Park, and include the erection of a Community Center Building on Hillside and Alp streets, was discussed Tuesday evening at the regular meeting of the Daly City Recreation Commission. After completion of the extensive study, it will be forwarded to the City Council for their approval.

Approval was given to recreation director Elman Rose for the erection of screens at Lincoln Park which would keep many balls from neighbors' yards when youngsters play soft ball. A movable back stop will be provided at Marchbank Park for the accomodation of smaller boys and the high school baseball diamond will also be available for use now that the high school season is completed.

A few improvements are being completed at Castle Hall in the south end of the city where teen age groups now hold their Friday evening dances.

Members of the Recreation Commission were high in their praise of men responsible for the formation of the new Boys Club and will be ready to assist in an advisory capacity whenever necessary. "Certainly this worthy project is deserving of the sup-

Market Blaze

This is what half a million dollar's worth of property looks like going up in smoke. Started in the basement early yesterday morning by an admitted arsonist, raging flames pour through show windows and from the roof of King's Market on Junipero Serra boulevard. Daly City fire trucks were assisted by apparatus from South San Francisco, Colma, and San Francisco in fighting the fire, which leveled 90 per cent of the structure.

Roof over forward section of King's Market has just caved in as fireman in foreground works on hose. One Daly City fireman, Andy Conaty, was seriously injured fighting the three alarm fire and five other firemen were treated for cuts, bruises, and lesser injuries. Wreckage continued to smolder until yesterday afternoon, 12 hours after Givens Arnold Ray, disgruntled former employee, had deliberately sprayed basement with cleaning fluid and set it ablaze.

Blazing flames sweep rapidly throughout King's Market, helped by highly combustible merchandise inside. Entire structure was almost completely leveled soon after this picture was taken early yesterday morning, but firemen prevented fire's spreading to adjoining buildings in Broadmoor Village's million-dollar shopping center.

"Attend Church" Series Of Ads Starts In Record

Daly City Record readers are invited to turn to page 3 of this edition, which contains an advertisement of an institution which is older than America itself—the Church.

This initial advertisement will be followed by other ads of a special series each Friday morning for an indefinite period. The series, which has the endorsement of Daly City pastors is made possible by the co-operation of Daly City business firms and institutions who view support of the Church as one important means of maintaining a stronger community.

It won't take much time to review these weekly messages, each of which is graphically illustrated, and if these messages induce interest and action, the whole community shares in the dividends. The Record believes these messages will support the cause of Christianity and the church, non-denominationally, honestly and by means of attractive visual appeal and compelling script.

This series was prepared for publication by E. E. Deister of Strasburg, Va., a newspaper pub-

CITY COUNCIL HOLDS PUBLIC HEARING ON FOUR SEPARATE MATTERS

Revision of Garbage Rates - Public Meet With Trustees OK'd

One of the best-attended council meetings of the year took place Monday night, when the city council held public hearings on four matters, passed two resolutions and two ordinances, and made a report on the controversial Woodrow Wilson Elementary School situation.

In the first hearing, Thomas Pagni was ordered to improve or abate dilapidated premises on Lot 25, Block 16, in Vista Grande subdivision number one. Pagni had previously been granted two weeks in which to prepare plans for improvement of the property.

A hearing on a petition signed by 243 residents, protesting erection of a motel by H. H. Smith at Hillside boulevard and Mission street drew discussion from the audience, with Smith presenting his views and asking the petitioners to withdraw their opposition. Since no formal application for a motel at the site has been received by the council, the city attorney, Frank B. Blum, advised councilmen to keep the petition on file, pending devel-

PIONEER FIRM REPORTS INCREASE IN BUSINESS

William J. Sweeney and Son, the local Studebaker dealers, report that their sales of new cars have exceeded by far the same period last year. They attributed this record to the excellent quality and design of the new postwar Studebaker featuring a new soft ride, amazing savings on gasoline and oil, extra safety of extra vision, brakes that automatically adjust themselves, and automatic overdrive transmission.

William J. Sweeney, the senior member of the firm, started the business forty years ago in the form of the village blacksmith shop. The trend to horseless carriages brought the necessity for auto repairs and auto sales and gradually developed into the modern, up-to-date auto dealership located at 6806 Mission street where Mr. Sweeney is joined by his two sons, Ray and Bill Jr., and a crew of efficient mechanics to offer complete satisfaction to the motoring public's needs.

Poor Turnout Of Parents At Track And Field Carnival Disappoints Not Only Sponsors, But Kiddies Too!

Kids by the hundreds went through their athletic paces Sunday at the track and field carnival sponsored by the Daly City - Colma Lions Club. But — were there many parents present to watch junior "do his stuff" so to speak? No, there were not!

Probably there were at least five or six parents interested enough in the activities of their youngsters to be present. Not many, was it? Well, some could have been ill, some slightly indisposed, and some probably just didn't give a hoot, so long as junior wasn't bothering them.

Children are called delinquent many times at the least excuse. But — how about the parents? They slip once in a while too — oh, sure they do — even if it hurts their sense of superiority to admit it. And slip they did last Sunday — not enough present to make even a slight "chirp" in the applause.

Scout Leaders To Attend Meeting

Asilomar is the scene of a conference of adults in Girl Scouting from Tuesday, May 24, to Thursday, May 26. The conference will be attended by presidents and vice-presidents of councils, regional committees, national field staff and local executive directors.

Present from Daly City will be Mrs. Mattrup Jensen, president of Daly City - Colma Council, who is representing the four councils in the Federation of Northern San Mateo County, and Mrs. Edward Gould, executive director of the federation.

Memo From San Mateo To San Francisco

"You Left 'Em Here; You Dig 'Em Up!"

They're still arguing about who's going to dig up those tracks.

The city of San Mateo has delivered an ultimatum to San Francisco to remove the abandoned No. 40 line tracks by May 30 or else keep paying taxes on them. San Francisco claims that the tracks are worthless now and they should be taken off the tax rolls. San Mateo says they're going to continue to carry the tracks on the tax rolls at an assessed valuation of $22,000 plus. Or else they'll tear 'em out themselves and send the bill to San Francisco.

No Decision Yet From Dolwig Committee

No progress was reported from the Dolwig assembly committee on the second bay crossing as the Record went to press today.

After days of testimony advocates of different locations for a crossing showed no inclination to abandon their pet proposals.

The committee hoped to wind up its series of hearings last Tuesday. Headed by Richard Dolwig, South San Francisco, it hoped to have a preliminary report ready by May 31.

TRANSPORTATION LACK MAY CLOSE GIRL SCOUT CAMP

Local Girl Scouts faced the probability of closure of their summer camp when it was learned this week that they would no longer be able to use the high school buses for transportation.

One hundred and forty children and 60 leaders from Bayshore, Daly City, Colma, Sharps Park and Broadmoor had been planning on attending the summer camp session. Camp Mattrup is open from 10 a.m. to 3:30 p.m. from June 21 to June 24, inclusive, and from June 27 to June 30, inclusive.

Those wishing to help furnish transportation or having any information as to where they could obtain transportation are asked to call Mrs. Frieda Cady, 741 Niantic avenue, JUniper 4-3087. The trip takes 45 minutes each way. The scouts can pay a nominal sum for the transportation.

Plans Under Way For New Ice Skating Rink

Peninsula Iceland, new modern ice skating rink, will be built on two and one-half acres of land situated between El Camino Real and the S.P. right-of-way adjacent to the northern city limits of San Carlos.

A group of Peninsula citizens are sponsoring the project as a community enterprise. It will cost about $300,000.

Plans for the building include a skating area of 83x185 feet, which will not only provide ample room for novice skaters but will make available a large center for figure skaters and for other indoor winter sports events.

Adequate parking facilities will be provided and the entire area landscaped. Promoters of the project have established offices at 112 West 25th street, San Mateo.

Princess Sets Style

A vogue for filigree spray brooches is being stimulated by Princess Elizabeth, according to leading London jewelers. They trace the style trend back to the gift of a floral spray of diamonds and rubies, notable for its filigree design, which the jewelry industry presented to the princess when she was married to Lieut. Philip Mountbatten, Duke of Edinburgh.

Pershing P.T.A. Salvage Drive Is Now Under Way

The General Pershing P.T.A. salvage drive got under way Monday with a bang, each child taking home a bag to be filled with cotton and woolen materials or clothing. Many children have taken home bags every day since, which points to a very successful drive. Teachers and children are cooperating with enthusiasm.

Last week the fact was stressed that materials need not be wearable clothing. This week we wish to stress the fact that wearable clothing, wool or cotton, is very welcome. Any clothing suitable for wear is cleaned by the salvage company and is available, free of charge, to any needy family that is brought to the attention of the company through the P.T.A. or responsible charitable organization. This is commendable of the company and an excellent way to dispose of garments that are still usable but no longer useful to the owner. Pickup of the bags at the school will be on Monday, May 30.

Thanks to Herman Kohlbrenner, 463 Evergreen, for the donation of 500 pieces of candy to be given as prizes to the children for prompt return of the bags. Attention children! Extra candy will be given for promptness.

The General Pershing P.T.A. dinner that was slated for Wednesday, June 1, has been postponed to Wednesday, June 8, due to the three-day holiday. Please come as you had already planned to do.

Mrs. Lyle Ingersoll represented General Pershing P.T.A. at the 17th District P.T.A. installation luncheon. Mrs. Ingersoll will make a report on the installation at the next meeting, June 7.

General Pershing P.T.A. wishes to apologize to Mrs. Ingersoll for inadvertently leaving her name off the list of chairmen when it was published three weeks ago. Mrs. Ingersoll will be life membership chairman.

CITY COUNCIL EXPLAINS POSITION REGARDING WOODROW SCHOOL BLDG

To the people of Daly City:

There appears to be some confusion as to the position of the city of Daly City regarding disposition of the Woodrow Wilson Elementary school building. The facts are these:

1. State school authorities have condemned use of the building for school purposes, and it is understood that the building will therefore be torn down, at a cost of several thousand dollars.

2. Inspection by competent building inspectors, health and fire authorities, indicates that although the building does not meet rigid school use requirements, it could be repaired, at nominal cost, and would be an ideal structure for city administrative offices, county offices and recreation meeting rooms.

3. If the school authorities tear down the building, all they will gain will be approximately 10,000 square feet of yard area, and it will cost the school authorities several thousands of dollars.

4. Since the building can be used for other purposes, the council feels that it would be criminal wastefulness to destroy a structure which would cost taxpayers $125,000 to replace. This building has been paid for by taxpayers and they are entitled to any benefit which can be obtained from it.

5. If the city acquires adjoining rear lot area, the school district will gain more yard area than they would if they demolished the building; also the district would save the thousands of dollars it would cost to tear down the building.

6. Therefore, if the school district intends to tear down the building, the district would gain more yard area and save money by exchanging with the city; the city would gain a building which would otherwise cost $125,000; the taxpayers of both the school district and the city would be better off, both economically and with regard to public facilities.

7. The city is interested in acquiring the building only in the event that it may not be used for school purposes and in the event that the school district intends to tear down the building.

Colma Boys Club Win Triple Victory Over Opponents In Season's Opener

Colma Boys club started the 1949 baseball season with three victories, no losses, Sunday, May 22.

The senior team carried their winning ways over from 1948 and defeated the San Francisco Cabbies at Marchbank Park by a score of 10 to 2. The junior team whipped two opponents that day. In the first game at Marchbank Park they defeated the Bay State Pharmacy 8 to 3, and then traveled to South San Francisco to ride herd over the American Legion team, 8 to 1.

Both teams expect to make just as good a showing this year as last, since all the boys are back for the current season, and with their additional experience sponsor Joseph Sarto expects them to do even better.

Both teams are entered again in the San Francisco Recreation League for Sunday games. They will also compete in the Funston Night League.

"We will appreciate the continued support of all our friends in this area, and will try to live up to that support," Sarto said.

Memorial Day Message From John J. Derungs

Following is a Memorial Day message from John J. Derungs of Daly City Post No. 410, American Legion:

This solemn day which had its origin at the close of the Civil War will again serve us to remember to honor the memory of those who gave their lives in the service of our country and those others who have dropped their burdens by the wayside of life and are gone to their eternal rest.

Citizens of Daly City, comrades and fellow veterans, let us turn out in great numbers, stand together on this memorable day to consecrate ourselves to emulate their sacred service that those who rest in heroes' graves may not have died in vain. Because of them our lives are free. Because of them our nation lives.

Studebaker buying wave sweeps the nation!

Another all-time record in April!

More people bought new Studebaker cars and trucks in April 1949 than in any previous month in any year.

Studebaker sales in January, February, and March were the biggest for any quarter in Studebaker history.

Twice this year Studebaker has increased production in an attempt to meet this sensational upsurge in demand.

1949 is a Studebaker year!

Studebaker's really rolling!

Portrait of a Soul

Did you think a **soul** was invisible? Did you even suspect that it was a theological concept that only ministers could understand?

Well, look into this boy's eyes! Do you see happiness . . . the certainty that life is full of beauty and truth? Do you see hope . . . the assurance that every tomorrow will be better than every today? Do you see courage . . . the fortitude that will look through defeat to victory? Do you see faith . . . the confidence that God hears, and knows, and cares, and helps?

You're looking into a soul. You're seeing the spark of Himself which God has put into every one of us. And you're seeing it still unblemished by the cares and disappointments of life.

You can see a soul through your own child's eyes. But unless you **give** that soul a chance to grow up **with the** body and mind that possess it . . . soon you'll no longer see it in your child's eyes . . . and perhaps, someday, you'll no longer see it in his life.

The Church, through careful religious education, develops that spiritual inner-being which we call the **soul.** Your child deserves the advantage of the Church's instruction. And, in church worship, you will rediscover the beauty and strength of your own soul.

THE CHURCH FOR ALL . . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend service regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church on Sunday and read your Bible daily.

He is scheduled to appear in county justice court at South San Francisco Friday.

Bala and Morris' automobiles collided at the junction of El Camino Real and Old Mission road, resulting in a fender being dented on Morris' car.

Breakable Target

A paper target with a printed bull's-eye is the best known rifle target, but most people like to see something happen when they hit a target—have it move or break. Breakable targets can be readily made by sawing a piece of 2" x 2" lumber into 2-inch lengths.

New bus service has gone into operation between San Bruno and South San Francisco under the management of the South City Peninsula Transit company, which took over the limited franchise held by the San Mateo - Burlingame Transit company.

Girl, 15, Charges Daly City Father With Attack Try

Morlin McCoy of 238 Los Olivos avenue was being held in the Redwood City jail today pending investigation of charges by a 15-year-old girl that the man attempted to assault her as an aftermath of a Saturday night party in his home.

McCoy is 40 years old and a father.

The girl, who lives in the Ingleside district in San Francisco, told police that McCoy gave her two drinks of whiskey from a bottle and then drove her to an isolated spot in the Edgemar Hills near Sharps Park early Sunday morning, after asking two male companions in the car to "take a hike."

When she resisted his advances, McCoy beat her about the face and body, finally driving her back to his home and letting her walk home, she told policemen who interviewed her.

McCoy was being held on charges of assault and battery, attempted assault, and contributing to the delinquency of a minor.

The girl said she had been invited to a birthday party for McCoy's daughter. When the liquor supply ran out about midnight, she said McCoy invited her to accompany him in search of more. Then followed the drive through Edgemar, she reported.

Concerning the suggested increase in garbage services, with a corresponding increase in rates from 35 to 60 cents per month, Mayor Paul Green reported that more than 550 persons had indicated that they were in favor of the change, with only 15 on record as being opposed. The audience was unanimously in favor of a change in the garbage set-up, and a new contract will be negotiated by the council within the next two weeks.

The fourth hearing, on a new zoning map and ordinance for the city, heard five protests regarding zoning of specific property. These changes will be deliberated and the new ordinance introduced at the first meeting in June.

A report by Mayor Green, in which he stated that the Woodrow Wilson Elementary School, condemned by state authorities, had been inspected and found to be usable for an administration and recreation building, caused something of a furor among members of the P.T.A. who were present at the meeting.

Residents seemed confused as to the reason the building could be condemned by the state for school use, and yet be suitable for other uses.

Green said that the building could be put in shape for city purposes for a few thousand dollars, based on an inspection by county building inspectors and health authorities. The council has declared that it would be wasteful to demolish a building which would cost $125,000 to replace, if it can be repaired for use, and has offered to acquire open yard area for the school to exchange for the building. The mayor has requested a meeting with Jefferson School board trustees on the matter, and, at the suggestion of P.T.A. members, will ask for a public meeting so that interested citizens may participate.

In other matters, the council refused to grant permission for a building contractor to install a 500-gallon gasoline tank in a residential area; approved a contract with the county of San Mateo for lease of police teletype facilities in the police department; passed a resolution urging passage of Senate Bill 851, which would permit municipal water systems to issue revenue bonds based on water receipts, instead of being applied to ad valorum property taxes, and introduced an ordinance abandoning certain public utility easements in Westlake subdivision.

A new business license ordinance, effective for the 1949-50 fiscal year, was passed unanimously. The ordinance, in its entirety, is published elsewhere in The Record, under legal advertising.

port and encouragement of our entire community," they stated.

The proposed budget for recreation activities for the coming year was adopted and will be submitted to the council.

Six members of the commission and Director Rose attended the meeting.

Com. Concerts A Necessity For A Progressive Town

(This article was written by Graham Hennessey, Supervisor of Schools, Amherst, Nova Scotia, and published in the Amherst Daily News.)

There is considerable disagreement at times, even among educational experts, as to what should be on our educational curriculum, but there is one subject about which there is general agreement, and that is Music.

Today practically every school system has at least one full time music teacher. This teacher, aided by the regular classroom teacher, sees that every child in a school receives, at least, a minimum musical education.

There is, however, much more to obtaining an appreciation and knowledge of music than that which can be learned in the school. Many children take private music lessons, many take part in music festivals. It is always an advantage to hear others perform and to compare oneself with them, although it is quite possible, at times, that the one with whom the comparison is made is not too extraordinary. It is indeed a tragedy when a person or at times a community settles down with a false assurance of satisfaction which has been caused simply through lack of knowing anything truly fine. Such an attitude of self-satisfaction is deadening to any person, or town.

Today, Community Concerts bring to our door a veritable Carnegie Hall and all the great music connected with it. Our young people are given an opportunity to hear and see great artists. This cannot help but have a beneficial effect on people.

Daly City's concert drive is now on. Take out your membership.

O. L. P. H. Mothers, Holy Name Society, To Sponsor Dance

The two principal organizations for the parish of Our Lady of Perpetual Help School are the Holy Name Society and the Mothers' Club. The Holy Name Society for the men of the parish is a purely spiritual group and the Mothers' Club is organized chiefly to promote the interests of the school and the welfare of the children. Although the two groups are so different, both have been most compatible; the Mothers' Club always cooks breakfast for the Holy Name Society after their monthly communion, and recently the men's group returned the compliment.

On St. Patrick's Day the two groups combined to put on a St. Patrick's Day celebration, dinner, dance and entertainment which is still talked of and which we all hope will be repeated next year.

Now, the two have decided to get together and sponsor a dance i nthe school auditorium to which the public is cordially invited. If previous affairs are any example, the dance will be the most successful of this year.

The dance will be held in the school auditorium on Saturday night, June 4, from 9 to 12:30, to the music of Eddie Harkness' orchestra. Refreshments will be served. Among those assisting are Mr. and Mrs. R. J. Ennis, Mr. and Mrs. W. Whelen, Mrs. Robert Miller, Mrs. Hans Schroeder, Mr. and Mrs. W. Carrington and Mr. and Mrs. L. Thiebaut.

17th Dist. C.C.P.T. Install Officers At Luncheon Meet

The installation luncheon of the Seventeenth district California Congress of Parents and Teachers, was held at the Congregational church in San Mateo. New officers were installed by Mrs. B. D. Ralston, past district president and high school service chairman for CCPT.

Mrs. Ralston used as her theme, "Another memory picture to keep," saying, "all thru our picture there runs the theme of our objects, to bring into closer relation the home and the school that parents and teachers may cooperate intelligently in the training of the child. The work of the CCPT is inseparable from our public schools. Every unit in the state is connected with a public school. In parent and teacher thinking, education has always been the first business at hand, with a strict adherence to the policy of non-interference with the school board. Thru cooperation there has developed an ever increasing mutual respect between the parent and the teacher.

The tables were decorated with honeysuckle, baby roses and violets made into full length sprays to form the centerpieces, with eggshell tulips as place cards.

Reports of the recent state convention held in Los Angeles were given by the officers of Seventeenth district and the presidents of the units.

Rev. Thomas Regan, chairman of the board of the Child Guidance Clinic, made an appeal for additional funds for the coming year, to be used in the work of child guidance. This is a county wide service where you may consult with specialists concerning the emotional, social and educational development of normal children. It is a community clinic belonging to the people of San Mateo county and is supported financially by the people of the county. Children, from infancy to adolescence, are seen for diagnosis and treatment of psychological problems.

The guests and officers were presented with yellow and purple iris corsages.

The Rev. Benton Gaskell gave the character thought for the occasion.

Next meeting of Seventeenth district will be held June 6 at Peninsula Avenue school.

California's 1948 mineral production is the largest for any year on record — $1,099,703,000, $245,590,000 over 1947.

Moving To Denver

Mr. and Mrs. N. E. Bradford of 183 Oliver street will move to Denver at the completion of the school year. Mr. Brandford will be an intern at the Denver General Hospital. The Bradford's oldest son, Richard, will graduate from Jefferson high school this June. Their other son, Harold, is a freshman at Jefferson.

Like the postman on his proverbial holiday, Private First Class John F. Attenisia, USMC, 18, and Apprentice Seaman Robert E. Donnelly, USN, also 18, try out a 20mm anti-aircraft gun at the Navy-Marine Corps Reserve Armory, Treasure Island, during their leave. Both Daly City lads enlisted for one year in their respective branches of the service on the same day, traveled together to San Diego for their recruit training and returned home on "boot leave" by the same train.

Elman Rose, Mrs. Henry Adami Represent Jefferson Union High School At First Annual Youth Welfare Conference

Representing the Jefferson Union High School May 14 at the First Annual Youth Welfare Conference of Northern San Mateo County, held at South San Francisco High School, were Elman Rose and Mrs. Henry Adami. Mr. Rose attended the Leisure Time Activities Section, of which Mrs. Richard Dolwig was chairman. Attending the Health Section was Mrs. Adami, Mrs. Charles Randebaugh acting as chairman.

Some of the conclusions and recommendations reached were: The need for the citizens in the local communities to be aware of the problems and needs of youth, and to participate in planning and meeting these needs.

Recommendation: That the local communities set up community councils at the local level composed of interested citizens to plan, coordinate, and investigate toward the local youth welfare; that the Council of Social Agencies of San Mateo County assist in the development of these community councils.

Recommendation: The present bill in the legislature stating that "school facilities may be used by the community for recreational purposes" be defeated and allowed to remain "shall be made available for public recreational purposes."

Recommendation: That the local municipalities have a separate recrecreation department and a qualified director of recreation recognizing the use of voluntary leadership in the various aspects of community recreation.

The need for social investigation to assist in the decision of child custody in divorce matters:

Recommendation: That divorce matters involving child custody be referred to the probation officer for social investigation prior to final disposition.

There are no dentists or dental service available to the citizens of the coastal area of San Mateo county.

Recommendation: That the San Mateo Dental Association make studies of the possibility of making dental care available to the youth and citizens of the coastal area.

There is no agency by which family and youth may receive advice and casework in San Mateo county.

That there be established a Family Service Agency to give casework service regardless of financial ability or race.

The municipal and county schools should establish family living education in the school curriculum to meet needs of both parents and children.

That there be instigated a voluntary flourine program for children to prevent tooth decay.

That the health section, San Mateo County Council of Social Agencies, make a study and recommendation as to how to meet the dental needs of those children from moderate income families at a nominal fee.

There exists a need throughout the county for pre-natal clinics, well baby clinics, and immunization for youth of low income families which are not available to the outlying districts.

Recommendation: That the County Health and Welfare Department give study to the advisibility of providing services to the outlying area, especially the coastal area, by use of a mobile unit. There appears a need to study and evaluate the present school health program of the many public schools throughout San Mateo county.

Com. Presbyterian Church To Feature Memorial Day

"Memorial Day" will be featured in the sermon at the Community Presbyterian Church in Broadmoor this Sunday morning. The service will be conducted at 11:15 a.m. by the Rev. John A. Glasse who will speak on the subject "Whither Bound America?"

The adult choir will sing two appropriate numbers, "A Mighty Fortress Is Our God," and Beethoven's "Glory of God in Nature." A special invitation is extended service men and women and "gold star" families.

Daly City Boy Scout Troop No. 249 Completes Three-Day Camping Trip At San Mateo County Memorial Park

Daly City's own Boy Scouts, Troop 249, after completing a three day camping trip in San Mateo County's Memorial Park, and taking part in the statewide Scout-O-Rama and local May Day Parade now plan a Court of Honor for the presentation of well earned awards.

The Court of Honor will be attended by eleven troops from the Lake Merced area of which the two Daly City troops will act as co-hosts.

Highlighting the evening will be a signaling demonstration by members of Troop 249 which will receive its quota of first and second class awards.

Two San Francisco Scouts who will receive their Eagle badges on that night, Friday, June 10, will give the Scout Oath to all new scouts and graduating cubs.

As a result of their performances at camp and in Troop activities, Scouts Gary Andersen and Eddie Raffo have been singled out for advancement to the office of patrol leader.

For the same reasons, Scouts Robert Stone and Jack Calvin have been appointed assistant patrol leaders.

In addition these same Scouts and Larry Neuner have attained the rank of second class.

Any boy twelve years of age or over, with or without Cubbing experience, will be welcomed heartily into Troop 249, at the Number 5 Firehouse on Saturdays from 11 a. m. to 1 p. m. There is also a program for older boys, within the Troop. These boys must be over fifteen years of age.

Our thanks go to George Spoulos, proprietor of the Theater Grill in Daly City, for his generous contribution of food for use on the three day Memorial Park camping trip.

Colma Doubles Cancer Fund

Under the able chairmanship of Mrs. Margaret Pauline Brown, Colma, with a quota of 150 to raise, turned in 300 to the San Mateo county branch of the American Cancer Society. Mrs. Brown said today much of the credit is due her committee for its loyal assistance and hard work.

Serving with her were James Snell, Superintendent of Jefferson Elementary School District, Mrs. Marge Hopper, Mrs. Margaret Damon, Mrs. Ralph Murphy and Mrs. O'Rourke, librarian. Walter Todd of the Bank of America packaged the coin collected.

Public Is Invited To Attend Whist

The public is cordially invited to attend a monster afternoon dessert-whist to be given by the Mothers' Club of Our Lady of Perpetual Help School on Tuesday, June 7, at 1 o'clock in the school auditorium at 80 Wellington avenue.

Since this will be the last whist of the school term, a group of mothers of graduated pupils will comprise the committee and have promised an exceptionally nice affair. The whist committee will have Mrs. N. Marinakes as chairlady, with Mrs. W. Drury heading the refreshment committee.

New Peninsula "Y" To Be Built Soon In San Mateo

Selection of a site on El Camino Real for a new YMCA building for this county was announced this week by Donald K. Grant, chairman of the board of managers.

The building will be constructed as soon as possible on the highway just south of the Four Square church property on the corner of Santa Ines, San Mateo.

Funds for the project were raised in a Community Chest approved campaign, held last year. The campaign netted $107,000 towards a local goal of $120,000. It was conducted by Paul W. Wood, with the assistance of 216 volunteer workers.

The new Peninsula "Y" is also scheduled to receive $50,000 from San Francisco's Building for Youth Fund when that campaign reaches its goal.

MEMORIAL DAY SERVICES

All other veterans groups, the military services, and civic groups will also participate in the services.

Daly City Band Needs Players

Musicians! The Daly City band needs you!

George Brenner, bandmaster, today sent out the call for recruits in the famous musical organization here. He explained that several members have left the band to join service bands in the Bay Area.

Here are the qualifications for new members:

1. Residents of Daly City would be preferred, but anyone living in the Bay Area can qualify.

2. Previous experience is necessary, but there are no age limitations.

3. Applicants must have time available for rehearsals, which are held each Tuesday evening from 8 to 10 p. m. at Fire Station No. 5, Oliver street and Bellevue avenue.

The band possesses one of the finest libraries of standard and popular music on the Pacific Coast, Brenner claimed. It participates in many important civic affairs and has won many prizes in band competitions.

The band offers a fine recreational opportunity to those who qualify, Brenner said. He plans to increase membership in the organization to forty players.

Those interested should see Brenner at the fire station any Tuesday night during rehearsals for full information.

lisher and churchman, with the cooperation of a number of newspaper editors and church leaders.

The Church supporting campaign is on a national scale, and this series of messages is being published in no less than thirty states. It carries wide endorsement of clergy and lay leaders of all denominations, as is evident in the letter received this week from Rev. John A. Glasse of the Community Presbyterian Church in Broadmoor.

Wrote Rev. Glasse:

"Dear Mr. Bradshaw:

"May I take this means of thanking you for your interest in and support of the coustructive forces within the larger community served by your valued paper.

"On my part, I shall be glad to direct the attention of our people to the series of advertisements sponsored by the merchants in the general interest of the religious forces—regardless of church or creed—for this will not only be good for the various churches, but will also demonstrate the spirit which is truly America and therefore good for the whole community.

Jefferson High Swimmers Take Win In Relay

Jefferson Union High School's swimming team won the 100-yard relay, class B, in the North Coast Section meet held in Berkeley last Saturday.

Stanley Davis, Tom Leach, Frank Cosgrove, and Les Nicolini are the members of the team. Llewellyn Reese is the swimming coach.

In addition to the relay Les Nicolini took second in the 50-yard free style race. The team's success is outstanding as they were competing against schools of all northern California coast counties.

Reese has made a fine start during his first year at Jefferson and most of his swimmers will be in school another two years. Much is expected in this field of sports by the Indians of Jefferson high.

S.F. Sunset District Gets More Bus Service

After July 3 residents and visitors to the Outer Sunset District will no longer have to transfer from one line to another to reach the area and the Ocean Beach, the Public Utilities Commission has announced.

The No. 20 Ellis-O'Farrell bus line will be extended on that date from its present outer terminus at Oak and Stanyan streets, out Lincoln way to the Beach. The downtown terminus of the line is at Market and Ellis streets.

MONTEZUMA WELL

Montezuma Well, located in Arizona, is reported to be a cup-shaped lake, 78 feet below the surrounding terrain, 750 feet in diameter, and fed by subterranean waters of which there is no recorded depth.

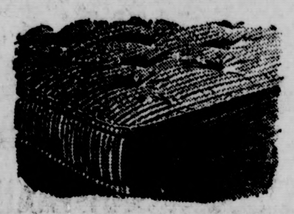

The deepest known place in the Indian Ocean, "Wharton Depth," is 22,968 feet, about 130 miles south of Java.

There is an estimated 46,000,000 feet of timber on the Island of Tasmania, off the Australian mainland.

Marines Get Artillery by Special Delivery

Marine artillerymen, lower left, wait to man a field piece being lowered from a helicopter during a problem at the Marine Corps Schools at Quantico, Va. In addition to transporting artillery, Marines are experimenting with this new type helicopter, nicknamed the "Flying Banana," for use as a troop carrier and also for the removal of wounded from combat areas.

Chinatown Directory Ready Soon

San Francisco's first Chinese directory is scheduled to make its appearance the early part of next month, it was announced by James Lum, publisher.

The directory will carry over 4,000 listings of names in both English and Chinese, arranged alphabetically. A classified business section will be included in the 64-page book, which may be secured at 818 Clay street, San Francisco.

PART OF WISDOM

Consideration of the other driver is not always a matter of altruism, points out the National Automobile Club. More often it is a question of one's own interests. Thus the man who tries to leave ample space for another car when he has parked isn't an easy mark who is too considerate of others but a wise driver who knows what a mess many drivers make of parking and how often they damage fenders of cars that are too near the battle ground.

Veterans Weekly News Column

Veterans planning to take summer courses under the GI Bill should be sure their eligibility is currently effective, Manager R. P. Shields of the San Francisco Regional Office of the Veterans Administration said today.

Those who plan to use their benefit for the first time should apply as soon as possible for a certificate of eligibility if one is not already at hand. If the certificate at hand was issued before September 1, 1948, it should be taken to the nearest VA office and a new-type certificate applied for.

Maximum subsistence allowance for veterans with wives or children may be had only when certified copies of marriage or birth certificates are on file with the VA. It is the responsibility of veterans to make sure such papers are in order, and will save delay in receiving maximum subsistence checks. Payment of the added subsistence for dependents may not be made prior to the time such documents are received by the VA.

Veterans who are planning to change schools will need a supplementary certificate of eligibility, and are advised to apply at once for this in order to save delay in entering the new school. Those planning to continue in their present schools for the summer session need only notify the school, provided they have sufficient eligibility with which to continue schooling.

Question: I am a veteran of World War II and have a bad conduct discharge which is neither honorable nor dishonorable, but VA has denied me compensation because of it. Isn't VA bound by the character of discharge given me by the Army?

Answer: No. Under existing law, to be entitled to benefit under laws administered by VA, a World War II veteran must have been discharged or released from active service under conditions other than dishonorable. Where the discharge, as in your case, is neither honorable nor dishonorable, the VA must make a determination as to whether it is under other than dishonorable conditions.

Question: I am considered totally disabled for insurance purposes but receive only 20 per cent for disability compensation payments. Can my award be increased?

Answer: Your award can be increased only if the service-connected disability is shown to have increased in severity. For insurance purposes, there may be other disabilities, not service-connected, which, when combined with your service-connected condition, produce total disability.

Question: Must all my evidence to reopen my claim before VA be notarized?

Answer: Yes, if it is submitted on the subject of service-connection. Statements from physicians, submitted for the purpose of determining whether a physical examination should be requested, need not be notarized.

Question: Would the amount of compensation I receive from VA be affected if I served overseas?

Answer: The amount of compensation payable is predicated on the degree of disability and not on place of service.

Here's One Answer to a Housing Problem

Nearing completion five miles from San Juan, capital of Puerto Rico, is one of the world's largest private housing developments, Puerto Nuevo. Above are some of 3500 concrete, five-room dwellings built in slightly more than a year's time, with 1500 others soon to be completed. They sell for an average of $4000 and were constructed by a South Carolina builder in co-operation with the FHA and Puerto Rico government to alleviate the island's acute housing shortage.

It's the Season

Martha Mitchell hefts a beach ball on the white sands of Daytona Beach, Fla., and gives the photographer a preview of what the nation will be doing shortly as the summer playtime season approaches. Helen Hatfield, in the background, is content to strike a less strenuous pose under the Florida sun.

Sale of timber from national forests during the fiscal year ending June 30, 1948, amounted to $24,235,089.

The biggest waterfowl violation case in West Coast history is approaching its end with the sentencing of Albert L. Ford, Live Oak, second of a trio of market hunters, who will pay a fine of $1,800 and serve a five-year probation period.

Federal Judge Dal M. Lemmon earlier assessed a $2,500 fine on Donald Edgar Smith of Del Paso Heights, another of the hunters apprehended with more than 1,000 illegal ducks by 20 State wardens and six Federal officers. E. L. Ziegler of Sacramento will be sentenced on the charge later this month.

HI-LITES AT C.C.S.F.

By Roy Hurlbert

The lid goes off the college's interpretation of a New Orleans special — the Mardi Gras — tomorrow night with the hoopla to get underway at seven o'clock.

At that hour a parade starts a trail from Junipero Serra boulevard up Ocean avenue and thence to the campus. Should be quite a spectacle what with all the commotion and promised entertainment. King and Queen for the day are also scheduled for unveiling along with 35 booths of all sizes and sorts. Come one and all. You're welcome, it says here.

Forum magazine went on the counter this week with the contents of the tidy and handsome article expected as usual to be tops for reading pleasure. Some folks don't know what they're missing in the form of original, masterpieces of intellect in writing and styles of art. 'Twas composed from the offering of some mighty gifted people. Young too!

Among the many contributors were three exceptionally adept gentlemen: Dick Brennan, Jack Hulse, and Richard Briggs, all staff members of the bi-weekly Guardsman at one time or another. We think you'll hear of them some day.

Busybody Harry Williams succedes Pete Isola as associated student president for the fall semester. Little ol' Harry was unchallenged on the recent candidate list for the coming elections and therefore his appointment to the chair is only a matter of formality.

Up for vice prez are Fran McCarthy, Babs Andress, Ronnie Morrison, and Helen Stoker. Frank Bayol and Norman Reger both desire the ASMS vacancy while Carla Joan Penington and Helen MacKay are the fillies chasing the office of women's prexy.

ATHLETIC DOINGS

Sliding downhill in monotonous regularity, diamond dean Bill Fischer's dehorned Rams concluded a so-so spring campaign last Tuesday, losing 11-3 to the Stanford Frosh. Defeat was number 16 as aligned with 12 wins on the left side of the scorebook.

Cage Coach turned golf sponsor Ralph Hillsman is extremely proud of his charges for their splendid efforts which materialized into providing the best two-year outfit around these parts. Bill King, Art Larson, Dick Farley, Bob Payne, and Don Payne were responsible for an impressive record marred but on two occasions. The NCJCC throne sitters all but brought home the greensward in last week's wind-up at Stanford in the all-conference medalist tourney. King placed second in the final totaling and his teammates shared the spotlight in walking off with medal awards. With the exception of leader King and Bob Payne, the other got flight triumphs.

ODDS AND ENDS

Russian River officially inaugurates its summer session this week end with the Memorial Day "extension" so there could be a few missing when Tuesday rolls are taken.

Frat houses Theta Tau and Alpha Sigma Delta supplied the rulers for tomorrow eve's M-G affair in the persons of Pat Kelly and Johnny Kristovich. Station KPIX will take a 15-minute gander at the multitudes for the television audience.

Joltin Jack Brady and eight other instructors meet the sophomores in the renewal of their yearly softball riot set for Friday, the third of June.

MEMORIAL DAY DRIVING

On this coming Memorial Day week end many motorists will be taking advantage of the three-day holiday to get out of town, predicts the National Automobile Club. Highways will be crowded and the possibilities of accidents greatly increased. The wise motorist will drive with extra care, will be considerate of the other drivers, and will keep his speed down to a point that permits him full control of his car under all conditions. The wise motorist will enjoy his holiday, and keep it safe.

TROUT ANGLERS HAVE LUCK

Trout anglers have had fair to good luck during the past few days on Lake Crowley and along the Owens River in Mono county, reports the National Automobile Club. Luck has been poor on most of the higher waters of this area.

LARGE STRIPERS RUN

Large stripers have been running during the past few days in the Feather River downstream from Yuba City in Sutter county, reports the National Automobile Club. Many twenty- to twenty-five-pound fish have been landed.

Hippo Sneers at Cupid

There's bait in the crate, but Bubbles, two-year-old hippopotamus at Chicago's Brookfield Zoo, stages a sitdown strike. A mixture of alfalfa, crushed oats, bran, chopped apples and carrots, flavored with five cloves of her favorite garlic, failed to lure the 1800-pound female into the crate for shipment to Columbus, O., where Pete, a lonely male hippo, is awaiting her arrival.

Peninsula Police Officers Meet At Olivers Cafe, S.S.F.

The regular monthly meeting of the Peninsula Police Officers Association was held last Tuesday evening, the 17th, at Olivers Cafe in South San Francisco with 48 members present. Capt. Augie Terrango of that city arranged for a swell dinner that had all present commenting on it. Sgt. Adolph Fernandez of San Bruno lined up an interesting array of after-dinner speakers.

A lively business session was held with the Widows and Orphans insurance program coming in for a wide discussion. Also next fall's Policemen's Ball was up for discussion, and Lieut. Lawrence Furio of Burlingame was elected to the chairmanship for this annual event. He in turn called for all committeemen to get behind the affair and work hard to make it a successful one. One of the biggest problems to be worked out is a site where it will be held this year.

Visitors and speakers attending included Insp. Thomas Fitzpatrick of the San Francisco Police Department, who spoke on the subversive work and investigation of the police officer. Inspector Joseph Curtin of the State Narcotics Division explained the work of officers in his department and the tie-in with local police officials. Inspector Edward Simpson of San Francisco and Jerry Campbell, San Mateo county FBI agent, gave short addresses.

Pvt. Martin S. Enright, son of Mrs. J. Enright, 966 Hanover street, is now serving with the occupation forces in Kobe, Japan.

Pvt. Enright is serving as mail distributor, with the Army Postal Unit APO 317 at Kobe Base. This unit has the responsibility of receiving and delivering mail to all the military and civilian personnel in Kobe.

Pvt. Enright entered the Army in May, 1947, at Butte, Montana, and came to Japan in August, 1947. While in civilian life he attended school in Daly City. He is the holder of the Japanese Occupation Ribbon.

State-wide Bond Issue Is Advocated As Solution To School Building Needs

A state-wide bond issue is the only satisfactory long-range solution to the needs of California's distressed school districts building aid, Assemblyman Richard J. Dolwig of San Mateo county said today.

"Although some appropriation must be made from current resources to meet the most urgent need, it is neither desirable nor possible for the taxpayers of the state to shoulder in one or two years the entire cost of school buildings which will be in use for from 40 to 50 years," Dolwig said.

Two constitutional amendments proposing a bond issue of $400,000,000 are awaiting action by the legislature. Each contemplate the allocation of the money only to those school districts which have reached the limit of their bonding capacity and cannot legally raise additional money for the buildings they need. In addition, legislation is pending which provides for the repayment to the state of at least a part of the money advanced, depending on the ability of the district over a period of 30 years.

"I agree wholeheartedly with the educational leaders, who, on the basis of their surveys, recommend that the people of the state be given an opportunity to express themselves on the solution of this problem," Dolwig stated.

The San Mateo county legislator has been a constant supporter of better educational facilities in California.

Bridge Bill Passes In Lower House At Sac'to

Assemblyman Richard J. Dolwig's bill permitting acquisition by the state department of public works of the San Mateo and Dumbard bridge over San Francisco bay passed the lower house of the state legislature and is now under consideration in the state senate.

The measure would provide for the inclusion of the bridge under the state highway system and would place control of the bridge under the California toll bridge authority.

Home Permanents Are Legal Says State Senator

State Senator Fred Kraft of San Diego sharply criticized inspectors of the state board of cosmetology for telling housewives they could not give home permanent waves except to members of their family.

"I want here and now to admonish the board of cosmetology for spreading false rumors over the state that the giving of home permanent waves is illegal," he said at a meeting of the senate business and professional committee of the state legislature.

"Inspectors of the board should spend their time policing beauty parlors and not harassing housewives who are perfectly within their rights in giving home waves. There is absolutely no law to prohibit one person from giving any other person a home wave."

An assembly bill which would have outlawed home permanents was killed in the assembly public health committee after two full and complete hearings earlier in the session.

However, despite this action, a Mrs. Laura De Redner of Long Beach, an inspector for the state board of cosmetology, recently warned a Santa Ana woman who had helped fix a friend's hair to "cease performing any act of cosmetology until you are properly licensed."

The legislative counsel bureau, which drafts bills and counsels the state legislature on legislation, has issued two opinions, in 1947 and 1949, that it is legal for persons to give home permanents to others than their family as well as to members of the family.

Now He's a Pin-Up Boy

Humphrey Bogart, who has chilled the marrow of many a screen antagonist in "tough guy" roles, has swapped a gun for a pair of three-cornered pants and a mouthful of safety pins as he adjusts a diaper on his son, Stephen Humphrey. The youngster, whose mom is film star Lauren Bacall, seems little impressed.

Wartime Letters May Help Vets Obtain Benefits

"There may be gold in them thar overseas letters."

Veterans and their families in San Mateo county are given this hint by Floyd D. Granger, veterans service officer, speaking out of his considerable experience in assisting ex-servicemen to establish their rights to such federal benefits and disability compensation.

"To take the most frequent type of situation as an example," Granger explained, "a veteran may be suffering from an ailment resulting from or aggravated by his military service, but about which there is no official medical record. His wartime letters home may contain a reference to time, place, or witnesses that will put us on the track of evidence which will establish his eligibility for benefits."

Accordingly, Granger advised, wartime letters that are still on hand should be carefully checked for such information before being destroyed.

Veterans and veterans' dependents have a standing invitation to consult Mr. Granger at the Veterans Service Office, in the courthouse, Redwood City, about any problems concerning state or federal benefits.

NEWS FROM THE SCHOOLS

CROCKER

L6 and H5 students, as a part of their Social Studies Unit, have begun a brief study of the neighbors and possessions of the U. S. They are finding it interesting to compare the different customs, languages and industries of the various countries of the Western Hemisphere.

In their unit on Travel By Air, the L6 and H6 have investigated a little known phase of aviation, rescue work. From their base at Hamilton Field, these planes have gone out on hundreds of rescue missions. They have such widely different objectives as taking out miners from snowbound mountain cabins to locating prospectors stranded in the Mojave Desert. In their search for the missing scientists last winter, this outfit flew some 2000 air hours, systematically combing the Sierras in the Inyo County area. Their storehouse is equipped with every conceivable type of object for rescue work such as: snowshoes, skies, blankets, first-aid-kits, rope, carbines, flares, sleds, parkas, canteens, fuel, and packages of concentrated foods. Among their achievements is the development of a packet about the size of a five-gallon can which contains 200 different items, sufficient to keep alive seven men for three days.

The Low and High 7 of Room 5 have been finding out how to find interest on money by the cancellation method. Some interesting facts have been brought to light, such as the loss of radios, bicycles, and furniture if loans were made and not repaid. They have found that the interest paid on the same amount of money is less the sooner it is paid.

Sports Rule At S. M. Jaysee

Champions of the Northern California Junior College baseball conference. That title was won by San Mateo Junior College Saturday when the team defeated Placer jaysee 3-2 in a 16-inning game, the longest in San Mateo's conference history. Fine pitching on both sides held the hits to seven for each team. Each side used two pitchers; Placer stuck with its big left hander for 13 innings, while San Mateo used Boud Bauhofer for nine innings and Bud Watkins for the last seven. The game was played in San Mateo before a good sized crowd and was the third and deciding game between the two rivals.

In golf Fred Strebel of San Mateo JC won first place in the conference individual-medal tourney on the Stanford course. The 17-year-old golfing whiz has been the number one man on the jaysee team. He led his closest opponent by two strokes.

Spring soprts are tapering off at the junior college, with the jaysee athletes doing very well in baseball, tennis, golf, and track. Meanwhile the coeds are holding sports days with Stanford women and with coed teams from City College of San Francisco and the College of Marin.

Coming events at the college include the Engineers barbecue at Flood Park this Friday, the big aquacade at the Coyote Point pool this Friday, the soph picnic at Adobe Creek Lodge June 2, the colleke horse show June 3, and the big carnival, Funamania, June 4, at the Baldwin gym and athletic field.

This Saturday the college girls will send a swimming group to College of Marin.

This Friday will see the closing down of a good part of the college adult center until next September. However, some sections will continue work. The adult enrollment has nearly reached the 6,000 mark.

Nagging Headache

Whinnying his appreciation, Mizzen Mast accepts Mrs. Robert N. Wetzel's offer of a couple of aspirins crushed in sugar. The two-year-old isn't suffering from a hangover, but from occupational worry. Strictly a youngster in the racing business, having made only a couple of starts at Golden Gate Fields in Albany, Calif., the horse got a headache just wondering how he will do against those "veterans" next time out.

During the war, the Pacific Northwest's entire output of Douglas fir plywood went directly to meet military needs.

The Poultry Producers of Central California is a farmers' cooperative association of more than 10,000 members.

Louis Pellier, a disappointed gold seeker, is credited with founding the great prune industry of the Santa Clara Valley.

Comfort for Polio Victims

Claudia Rice, of Topeka, Kan., demonstrates a new portable plastic "lung" for polio sufferers, designed to replace the cumbersome and more expensive "iron lung" now in use. The new device takes only about 30 seconds to put on, and chest unit weighs only about a pound.

Population Density In S.F. Bay Area

Between July 1947 and January 1960 it is expected the population density of the Bay Area counties will increase 32 per cent. San Francisco and Alameda counties are the most densely populated in the state today.

These findings are based on new data supplied by the State of California and the California Chapter of the American Institute of Planners.

San Francisco's 45 square miles of land area had an estimated population of 785,000 in 1947 and anticipates 890,000 by January 1, 1960, or an estimated density of 19,777 per square mile in 1960.

Alameda county's 773 square miles of land area expects a gain in population from 735,000 in 1947 to 970,000 by 1960. Density per square mile would move upwards from its present 1000 to 1323 in the next 11 years.

Coffee, Haitian Mainstay

Since the founding of the Haitian republic 145 years ago, coffee has been the mainstay of its economy. In recent years such products as sugar, sisal and bananas have been developed largely by foreign capital and under foreign control, but the great crop upon which more than any other, Haiti's many peasants depend for the little money they must have for their purchased necessities is coffee.

Barley First Food

In ancient Greece it was traditionally believed that barley was the first form of food given to mankind by the gods, and most botanists and geologists seem to agree that barley was one of the first plants to be cultivated. In the valley of the Tigris and Euphrates and the Nile ancient straw-lined barley storage pits have been found by archeologists who have dated them tentatively about 20,000 years of age.

There are some 4,000 varieties of trees in San Francisco's Golden Gate Park.

BIBLE COMMENT

Last Judgment Stresses Obedience To the Master

THE account of the "Last Judgment" in Matthew 25 is found only in that Gospel. One cannot but wonder why neither Mark, nor John, nor especially Luke, whose Gospel enters into so much detail, refers to it. It presents some questions, also, that various commentators have sought to answer in their own way.

However, the spectacle of all nations, and all generations of men, gathered for judgment in one time and place suggests such difficulties—at least to the materialistic mind—that one might question with what materialistic literalism the passage is to be taken. This is especially true as it appears in a chapter otherwise in the form of parables, which deal specifically with judgment, the Parable of the Wise and Foolish Virgins, and the Parable of the Talents.

The portrayal of the Last Judgment confirms the words of Jesus expressed elsewhere, "Not every one that saith unto Me, 'Lord, Lord,' shall enter into the kingdom of heaven, but he that doeth the will of My Father, who is in Heaven." The judgment is not upon what one professes to believe, nor upon the church, or group, to which one belongs. It is upon obedience to the Master's teaching, and the following of His example in ministering to others, especially to those in need.

Nor is the judgment upon deeds, and outward acts, alone. Paul made a distinction (1 Corinthians 13) between bestowing all one's goods to feed the poor, and having love in one's heart.

Character counts with God, as it does with men, but humility, the consciousness of something higher yet to be attained, is a deep mark of true character. How different in the judgment was what the "sheep" and the "goats" had to say!

Redwood City Park Might Be Courthouse Site

San Mateo county's new courthouse in Redwood City may be assured under a series of bills introduced by Assemblyman Richard J. Dolwig of San Mateo.

The series of measures now before the committee on judiciary in the lower house of the state legislature provides a procedure whereby municipal corporations may bring condemnations proceedings and quiet title to property known as a "square" or park for use in constructing public buildings.

"There has been no legal method of the county obtaining this park for a county courthouse site," Dolwig said. "This law, if it passes, will permit Redwood City to start proceedings to obtain quiet title to the property."

The property under consideration for the courthouse site was deeded to the city by a private individual with the understanding it be used only as a park.

New Hope Seen In War Against Polio

The conquest of infantile paralysis is now within sight, Alton L. Blakeslee, noted science writer, predicts in a pamphlet published recently by the Public Affairs Committee, Inc., of New York.

"No one can predict just when the victory will come, or in what way," he adds, "but medical science is making such progress that there is real cause for optimism."

Such striking progress has been made in treatment during the past ten years that only about 15 to 25 per cent of polio victims are now "left more or less severely handicapped. . . . Forty to 60 per cent of the children or adults who get the illness in recognizable form will recover completely, or almost completely, without any visible evidence of paralysis."

Scientific study of means for preventing the disease has been slower, Mr. Blakeslee admits in the pamphlet "Polio Can be Conquered," but he lists a number of recent developments that appear to carry great promise. Monkeys have been inoculated against polio safely and effectively, he pointed out. Unfortunately, the vaccine does not protect the monkeys against all strains of the virus and thus could not offer satisfactory protection for humans.

Top scientists are cited as believing that a safe vaccine for humans will someday be found. The recent success of scientists in almost completely purifying one kind of polio virus should hasten this day, Blakeslee declares.

"Drugs and other chemicals have been found," he reveals, which "protect mice against viruses like the polio virus, or which help the mice recover when they are given the viruses." So far, however, none has been used successfully on humans.

Although little is known about the way in which polio spreads, the pamphlet carries a number of tips for parents in the event that infantile paralysis breaks out in epidemic form in their neighborhood. Parents are urged to:

1. Watch for the symptoms that may be wethervanes of polio: a tired feeling, headache, nausea, upset stomach, pains or stiffness in the muscles, or a fever. A big part of the victory in polio is immediate rest and immediate treatment.

2. Avoid crowds. There is no way of telling who has the virus, who is becoming sick, or who is a healthy, unaffected carrier.

3. Keep children from becoming overtired or chilled.

4. Do not let children swim in polluted waters. Attacks of polio have followed after such experiences.

5. Keep clean. Make sure that the children wash their hands before eating.

6. Keep garbage covered and screen the house against flies.

"Polio Can be Conquered," by Alton Lee Blakeslee, is Pamphlet No. 150 in the series of brief, popular, 20-cent pamphlets issued by the Public Offairs Committee, Inc., a nonprofit, educational organization at 22 East 38th street, New York 16, N. Y.

Lassen Midsummer Ski Event Off

The Mt. Lassen Ski Club's annual Midsummer Ski Tournament, held each year in late June or early July on the slopes of Lassen Peak, has been cancelled for this year, Phil Brown, club president, announced today.

Inability of the club to comply with dues requirements of the Far Western Ski Association, without whose sanction the meet cannot be held, together with soft snow conditions this year, were given by Brown as reasons for cancellation.

The tournament has brought nation-wide publicity each year to the Shasta Cascade Wonderland area of which the Lassen Peak National Park area is an outstanding feature.

State's Wine Payroll Big

One out of every seventy-five persons in California derives his income in full or in part from the grape and wine industry, it was reported by Harry G. Serlis of the California Vineyards Association. The industry employes over 110,000 people and its payroll averages $430,000 a day, every day in the year.

Irish Setter

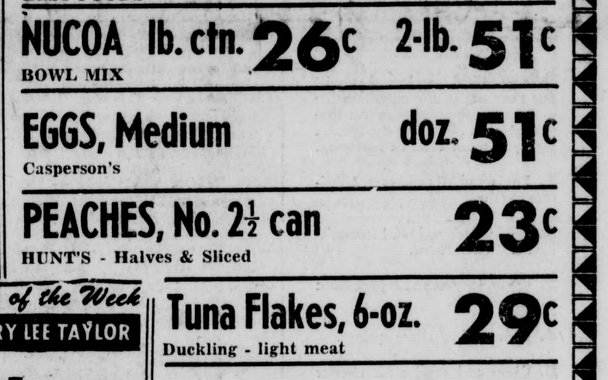

Irish setter, usually considered a show dog, is good in the field.

THE LAW SAYS "DON'T"

Tourists, traffic engineers of the National Automobile Club have found, have a sad way of ignoring the fact that even unoccupied safety zones are not to be entered by motor vehicles. The standard regulation on the subject throughout the country specifies that such zones shall be treated as sacrosanct regardless of whether or not they are occupied. They are a sort of "no motorist's land" at all times.
